🔗 Portfolio - Mohamed Abdullah

Profile

Passionate Front-end Developer with 2 years of experience building responsive, user-friendly websites and web applications. Skilled in HTML, CSS, JavaScript, React, Redux, Tailwind CSS and modern web tools. Dedicated to writing clean, efficient code and delivering great user experiences.

Education

2022 – 2025
Mansoura (MET)

Bachelor Management Information Systems
Developed a comprehensive hospitals management system and achieved **Excellent** grade.

Projects

E-Shop [🔗](#)

Developed a fully responsive e-commerce website using React.js, Tailwind CSS, and Redux. Implemented product listing, search, and filtering features to enhance user experience. Integrated shopping cart functionality with dynamic updates and total price calculation. Ensured cross-browser compatibility and mobile-friendly design for seamless access across all devices. Utilized localStorage to persist user cart data.

Ferrari-Cars [🔗](#)

Developed a sleek and responsive website to showcase Ferrari car models using React.js and Tailwind CSS. Implemented detailed car listings with images, specifications, and pricing. Added smooth animations and interactive UI elements to enhance user engagement. Integrated search and filter functionality to help users find specific models easily. Ensured mobile-first design and cross-browser compatibility for seamless user experience.
